

2022/2023 UK-PHRST Log frame (Updated 5 April 2022)

RESULT	INDICATORS	ANNUAL TARGET/SOURCE
<b>IMPACT</b>		
Global population, including the UK, safer and more secure from global health security threats.	<ul style="list-style-type: none"> <li>Proportion (%) of ODA-partner countries with improved public health systems and/or plans for effective epidemic preparedness and response, evaluation and learning.</li> </ul>	<p><b>Target:</b> 50% of partner countries can evidence improvement in infrastructure, personnel, and evaluation/learning systems in place or have plans to develop or upgrade existing systems.</p> <p><b>Source:</b> Feedback from partners; evidence of those structures.</p>
<b>OUTCOMES (3)</b>		
Outcome 1	Indicator 1.1	
Epidemic preparedness and response effectively contributed to through technical collaboration with partners	<ul style="list-style-type: none"> <li>Proportion (%) of UK-PHRST deployments where partner institutions have identified tangible contributions made by UK-PHRST team.</li> </ul>	<p><b>Target:</b> In ≥90% of deployments UK-PHRST partners have policies, strategies or ways of working in place or in development that have been informed by UK-PHRST's deployment support for outbreak response and preparedness.</p> <p><b>Source:</b> Feedback forms from partners; Monitoring and evaluation surveys; WHO End of Deployment Evaluation forms; After Action Reviews.</p>
Outcome 2	Indicator 2.1; 2.2	
Research contributes to a robust body of evidence in public health practice and policy	<ul style="list-style-type: none"> <li>Proportion of research studies considered by practice or policy-related stakeholders locally, nationally, regionally or internationally.</li> </ul>	<p><b>Target:</b> ≥50% of research studies are presented and/or discussed at a policy or practice related forum locally, nationally, regionally or internationally.</p> <p><b>Source:</b> Case study reports; Partner surveys; evaluation reports; Citations in partner organisations literature/guidance/SOPs/Government and partner policy.</p>
	<ul style="list-style-type: none"> <li>Proportion of partners from ODA-eligible countries who assess research collaboration with UK-PHRST as positive (equitable and effective).</li> </ul>	<p><b>Target:</b> 80%</p> <p><b>Source:</b> Feedback from partners; evidence of those structures.</p>
Outcome 3	Indicator 3.1	
Capacity of partners from ODA countries and UK-PHRST is enhanced for	<ul style="list-style-type: none"> <li>Proportion (%) of partners from ODA-eligible countries that report skills and knowledge gained</li> </ul>	<p><b>Target:</b> ≥80%</p> <p><b>Source:</b> Case study reports; Partner surveys; evaluation reports.</p>

epidemic preparedness and response.	are applied in their individual or organisational work.	
<b>OUTPUTS (6)</b>		
Output 1.1	Indicators 1.1.1, 1.1.2	
UK-PHRST trained team members deployed to provide effective support for epidemic preparedness and response within ODA eligible countries.	<ul style="list-style-type: none"> <li>Proportion (%) of deployments that occur within requested timeframe.</li> </ul>	<b>Target:</b> 100% <b>Source:</b> Partner surveys
	<ul style="list-style-type: none"> <li>Proportion (%) of deployments assessed as useful.</li> </ul>	<b>Target:</b> ≥80% <b>Source:</b> Partner survey
Output 1.2	1.2.1; 1.2.2	
Tried and tested resources that support deployments are available or co-developed and shared to support epidemic preparedness and response	<ul style="list-style-type: none"> <li>No of resources made available or co-developed and shared.</li> </ul>	<b>Target:</b> ≥10 <b>Source:</b> Partner surveys; WHO End of Deployment Evaluation form; After Action Reviews, End of mission reports
	<ul style="list-style-type: none"> <li>Proportion of partners from ODA-eligible countries who assess resources as useful.</li> </ul>	<b>Target:</b> ≥80% <b>Source:</b> Partner surveys
Output 2.1	2.1.1; 2.1.2	
Relevant research equitably identified and delivered.	<ul style="list-style-type: none"> <li>Proportion of jointly developed and delivered research studies.</li> </ul>	<b>Target:</b> ≥80% <b>Source:</b> Research proposals, research reports.
	<ul style="list-style-type: none"> <li>Proportion of partners from ODA-eligible countries who are first or senior authors on peer-reviewed joint publications</li> </ul>	<b>Target:</b> 25% of partners are first or senior authors. <b>Source:</b> Final reports, publications
Output 2.2	2.2.1, 2.2.2, 2.2.3	

**2022/2023 UK-PHRST Log frame (Updated 5 April 2022)**

Research findings influence practice and policy at local, national, regional and international levels through identification of and engagement with appropriate pathways	<ul style="list-style-type: none"> <li>No of publications/other research outputs produced from UK-PHRST and partner research.</li> </ul>	<b>Target:</b> ≥15
		<b>Source:</b> Publications list
	<ul style="list-style-type: none"> <li>No of pathways/avenues engaged with to make research findings more visible.</li> </ul>	<b>Target:</b> ≥5 different avenues identified
		<b>Source:</b> Research progress and final reports.
	<ul style="list-style-type: none"> <li>Proportion of partners from ODA-eligible countries who assess pathways/ avenues to be effective in making research visible and potentially useable.</li> </ul>	<b>Target:</b> ≥80%
		<b>Source:</b> Partner surveys
<b>Output 3.1</b>	3.1.1; 3.1.2	
Collaboratively delivered initiatives strengthen capacity of partners and UK-PHRST team at individual, organisational and systems level	<ul style="list-style-type: none"> <li>No and type of initiatives (courses, technical workshops, joint monitoring visits, CoPs etc.) that support capacity development/sharing of partners from ODA countries and UK-PHRST at the appropriate level.</li> </ul>	<b>Target:</b> ≥10
		<b>Source:</b> Reports on events
	<ul style="list-style-type: none"> <li>Proportion of partners from ODA-eligible countries who report initiatives useful and report applying the skills/knowledge gained.</li> </ul>	<b>Target:</b> ≥80%
		<b>Source:</b> Partner surveys
<b>Output 3.2</b>	3.2.1; 3.2.2	
Reflection & learning are enabled with partners and internal to UK-PHRST.	<ul style="list-style-type: none"> <li>No of reflection and learning opportunities (resulting from capacity development and other activities) held jointly with partners from ODA-eligible countries and internally within UK-PHRST.</li> </ul>	<b>Target:</b> ≥6 (external learning); ≥3 (internal learning)
		<b>Source:</b> Learning sessions log
	<ul style="list-style-type: none"> <li>Proportion of participants who assess learning sessions as useful.</li> </ul>	<b>Target:</b> ≥80%
		<b>Source:</b> Feedback surveys
<b>Sustainability of UK-PHRST and partner work</b>		
	UK-PHRST has sustainable ways of working clearly identified and implemented for all its activities as per its sustainability plan.	<b>Target:</b> By end 2022/2023 ways of working identified and operational
		<b>Source:</b> Sustainability taskforce quarterly meetings
